MANY SUFFER AWFUL DEATH

**Twelve Men and Forty-Three
Mules Perish in Texas
Oil Blaze.**

**Destruction in Humble Oil Fields
Has Already Reached
2,500,000 Barrels.**

Houston, Tex., July 25.—The fire in the Humble oilfields which started Sunday night is still burning fiercely, but it remains confined to the tanks of the Texas company. While no names are ascertainable, it is believed that twelve persons lost their lives. So far as can be learned, these were all negroes who were employed in trying to prevent the spread of the flames. Forty-three mules are known to have perished.

The managers of the Texas company state that the tanks contained approximately 2,500,000 barrels of oil, which was valued at about 25 cents per barrel, and that none of the oil will be saved. In addition they say the big pumping plant at the tanks was entirely destroyed, making a total loss of more than \$600,000.

The efforts of the fire-fighters have been confined to throwing up earthen embankments between the burning tanks, of which there are eleven, and those in which 4,000,000 barrels of oil belonging to other companies are stored. These tanks are 3,000 and 4,000 feet away from the fire, but the water which covers the field as a result of the rain of Sunday has floated the burning oil to the first level, and a sudden "boil over" may send the burning fluid to the second embankment, which would place the other tanks in greater danger. The fire is not spreading toward the producing field, and it is not expected that it will.

Hundreds of men are engaged in strengthening the levees, building them higher, and in throwing up additional ridges. Scores of people have lost their temporary homes in the field. Many of them have already come to Houston to seek shelter.

EPHRIAM MARSH DIES SUDDENLY

**Vice President of I. & C. and
Prominent Greenfield Attorney
Passes Away Sunday.**

The sad intelligence has been received here of the death of Eph. Marsh, of Greenfield, Sunday morning at 5:30 o'clock at Wawasee, at which resort Mr. and Mrs. Marsh, accompanied by Mr. and Mrs. Wm. Hough, were spending a few weeks. Mr. Marsh had been a sufferer from heart trouble for some time and he finally succumbed to the disease.

Mr. Marsh was vice president of the Indianapolis & Cincinnati Traction company, and was an attorney of note in this part of Indiana. He made frequent visits to Rushville and had here a wide circle of warm friends. He was sixty years old and one of the few 33d degree Masons in the State.

The remains arrived at Greenfield at 4 o'clock Monday evening and the funeral will held be at 2 o'clock Wednesday afternoon.

The marriage of Mr. Ora Mann, of Blue Ridge, and Miss Iva Gabheimer, of this county, was solemnized at the home of Mr. Tillison at Blue Ridge last evening, Rev. Johnson officiating. The ceremony was to have been held in a small church near Blue Ridge, but on account of unavoidable accidents was changed to Mr. Tillison's residence. The bride wore a beautiful dress of white organdie and lace and the groom, the conventional black. Both are members of prominent farm-families near Blue Ridge. They will reside on the farm of the bride's father.

There are times when a man doesn't want things to come his way—bills for example.

THERE ARE NO VIOLATIONS

**This Section of the Fish Law
Would be Hard to
Violate.**

State Fish Commissioner Z. T. Sweeney, of Columbus, says there is a section of the fish law he intends to enforce without fear or favor. He was talking to a party of fishermen recently, when he made that remark, and several of them wore long faces before he concluded.

Finally one of them asked what clause the commissioner alluded to. Mr. Sweeney replied that he meant the section that prohibited any fisherman from taking more than twenty good bass in one day. There was a sigh of relief when he explained his stand, as the fishermen in this county are not in the habit of taking half as many, and if anyone of them did take more than twenty good bass in a day and then told about it, the others would favor sending him to the penitentiary.

FRIENDS WERE ENTERTAINED

**Robert Bausback Invites His
Friends to Camp—Rushville
People Present.**

The Shelbyville Democrat of Monday says: It was "The Robert Bausback Day" at the Postoffice Fishing Club grounds Sunday.

The well known genial enthusiastic lover of good-fellowship and jolly goings-on had early in the previous week issued invitations to his friends and acquaintances in many quarters. There were those whose addresses at Indianapolis he will remember, others at Rushville could not possibly be overlooked. Then there were those in Columbus whom he knew well and should surely be remembered on an occasion when the wide world was open to good fellowship and a hearty greeting. Then there was Edinburg folk and Franklin residents, whom he had known for a quarter of a century. All had be requested by him to enjoy the feast of the season and they were.

It was a great day for Mr. Bausback. No one paid for anything and there was everything for everybody. A ton of ice bade defiance to old Sol's rays and home-made wet goods gave cards and spades to Jupiter Pluvius.

It was a great day and Mr. Bausback's only regret is that it wasn't longer, that the night should have been turned into a blazing sunlight.

ATTRACTIONS FOR THE FAIR

**Many Good Attractions Are
Being Contracted for by
Secretary King.**

Secretary King of the Rush County Fair Association said this morning that the committee on amusements is making unusual efforts to get first class shows and other free features for the fair. An effort is being made to obtain the "Guideless Wonder," for a free attraction, besides "King" and "Queen," the diving horses, "The Guideless Wonder" is a horse which has the record of 2:15, and the animal makes this time without a driver.

Contracts for numerous other features are now under consideration.

Mr. King said that the Fair Association had not yet hired a band, but he thinks this will be attended to in the near future.

Representatives of the Rush county fair are now advertising it in various cities in this part of the State. Elegant posters for the purpose of advertising have been printed and are now being distributed among the merchants of this city.

LARGE CROWDS SEE CIRCUS

**Wallace's Big Show Arrives
in Town and Does Big
Business.**

**Fine Parade at 10 a. m. Attracts
Immense Crowds of People
Down Town.**

An immense throng of people began pouring into Rushville from all parts of the compass early this morning. Every farmer who could find time came to town and every train that came into the stations was heavily loaded. The attraction was the Great Wallace shows which is pronounced by everybody to be one of the largest and finest shows on the road.

The trains carrying the great menagerie and circus, with its hundreds of attendants and scores of officials, horses and gorgeous wagons innumerable, arrived from Greensburg at about 2 a. m. and the population of Rushville turned out at daylight almost en masse to witness the interesting spectacle of unloading the cars and erecting the great circus tents. This work was accomplished without the occurrence of any disagreeable incident and the courtesy and good behavior of the people connected with the show was the subject of favorable comment.

Arriving as it did early in the morning, this visit of the circus afforded an opportunity for all to see the work of getting the show ready for the performance. This was in itself an interesting sight, and made those who viewed the work all the more anxious to see the parade and the performances.

The down town streets this morning were packed with thousands of people who turned out to see the parade. Many candy and other stands were located at the corner of Second and Main streets.

The parade surpassed anything of a like nature ever seen in Rushville. Hundreds of richly caparisoned and well groomed steeds, whose carriage pronounced them animals of the finest thoroughbred stock, richly painted and gorgeous wagons, splendid bands, scores of pretty lady equestrians mounted on prancing steeds, a fine menagerie, and corps of the funniest clowns and comedians that ever struck town were features which made this parade one of the most attractive and splendid spectacles that has ever been seen in this city.

The great circus tent and all the side attractions located west of the L. E. & W. depot were fairly packed this afternoon and the performances were fulfillments of what the magnificent parade gave promise.

The evening performance will begin at eight o'clock this evening and will draw a crowd fully as large as that which saw he show this afternoon. After the performance this evening the tents will be torn down and the great circus army will be loaded on the cars and leave for Hartford City, where the show will exhibit tomorrow. The parade as announced previously took place at ten o'clock. All together it was over a mile in length and of a nature that was precisely as represented. Immediately following the parade a free exhibition was given at the grounds, that was, in fact, a show in itself.

A representative of the Republican was shown about the grounds by some of the officers in charge of the show.

The menagerie was visited shortly after everything had been placed in order. The menagerie is one of the finest owned by an circus organization. It consists of all kinds of wild animals gathered from the four corners of the globe. It contains kangaroos, leopards, wild boars, a hippopotamus, two cages of lions, tigers, several elephants and camels, panthers, elk, lamas, monkeys, tropical birds, fine horses and a host of Shetland ponies.

At the time the menagerie was visited this morning an attendant was engaged in cleaning out a cage containing three lion cubs. The little ones were very playful, but their mother in the other side of the cage, kept a close eye upon them and several times remonstrated with the attendant over the manner in which he was pushing

them out of the way with his broom. A large elephant was assisting in the work of placing the heavy cages about the tent. He experienced no difficulty in pushing them about with his head.

The circus auditorium was visited and it was found to be much larger than was expected. The workmen were engaged in hanging the mass of ariel apparatus, setting the stages, laying off the rings and doing all the other work necessary to get the big tent ready for the performance.

The side show is one of the best that has visited this city with a circus in years. One feature is a troupe of colored jubilee singers whose songs are thoroughly up to date and catchy. Other features are the musical pig, the usual wild man, snake charmer fire eater, etc.

The day was a most beautiful one and the crowd in town was much larger than was expected. It is estimated at 3000 people saw the parade this morning.

WATSON DECLINES A GREAT OFFER

**Sixth District Congressman is
Wanted by Lecture
Bureau.**

A leading lecture bureau has made Congressman Watson an offer of \$10,000 for 100 lectures, the same to be delivered next year during his spare time.

Mr. Watson, after considering the matter thoroughly, decided to decline as he is of the opinion that the work would interfere greatly with his congressional duties which takes up practically all of his time, vacation and otherwise.

KNIFE WOUNDS MAY BE FATAL

**Serious Cutting Affray Between
Knightstown and Greensboro
Young Men.**

A cutting affray, about which there is a great deal of mystery, transpired Saturday evening, two and a half miles north of Knightstown, on the Greensboro-Knightstown pike, and it may terminate in the murder of Clifford Cross, aged 38, a son of James Cross and wife, residing at Charlottesville. According to several different versions of the affair, young Cross and a companion known as Henry Riley, also of Charlottesville, were driving from Kennard to Knightstown via Greensboro and encountered a colored woman and a white man along the road. An altercation took place and Cross was dismembered, stabbed under the left arm pit and received a long gash across the right forearm. The injured man was driven to Knightstown and taken to the home of Peter Rhodes. Dr. George Smith was called in attendance at midnight and sewed up the several wounds and did what he could to relieve the suffering of the young man. When pressed for information he steadfastly refused to divulge the name of the man who did the cutting and the name of the woman. Who these two persons are is a fact that Sheriff Christopher of Henry county is trying to establish, and it is quite likely that he will be successful as some facts have developed during the past eight hours which tend to throw some light on the mystery. Cross was removed to his home at Charlottesville Monday morning as it was thought better to take him there than to leave him in the family of a stranger. Monday he was suffering intensely and it is said that his chances for recovery are very slim. It was learned late yesterday that the name of a well known Greensboro resident figures conspicuously in the story of the fight.

Walter Scott, the miner, whose special train broke all records between Los Angeles and Chicago, lives at Funeral Hill, in Death Valley, California. So he is not to be blamed for wanting to get away in such a hurry.

WAS GIVEN NEW SPIRIT

**Governor Carter Had Heart-
to-Heart Talk With the
President.**

**Executing the Laws of Hawaii
Proves a Burdensome Task
For George R. Carter.**

Oyster Bay, N. Y., July 25.—A conversation of Hawaiian affairs occupied President Roosevelt's attention for several hours. He had as a guest George R. Carter, governor of Hawaii. Governor Carter came to Oyster Bay determined to resign his official position to escape the annoyance to which he has been subjected since he succeeded Sanford B. Dole as governor. The president not only declined to accept his resignation, but told him to go back to Honolulu and he should have the full support and sympathy of the national administration.

Governor Carter was in a much happier frame of mind after his interview with the president. He will take a needed vacation before returning to Hawaii, probably in this country, for several weeks. When he returns to Honolulu it will be to resume his official duties with new confidence and vigor.

"I advised President Roosevelt," said Governor Carter, after his conference, "to accept my resignation, but he declined to take my advice. On the contrary he advised me to withdraw my resignation and I decided to take his advice. That is the whole story in a nutshell."

Since he was appointed to succeed Governor Dole, who was named as one of the United States district judges of Hawaii, Governor Carter has encountered difficulty, particularly with officials in the islands. His administration has not been harmonious, evidently, however, through no fault of his. The trouble culminated two or three months ago in the sending by Governor Carter of his resignation to the president. The president declined to accept it because he had great confidence in the governor's ability to administer Hawaiian affairs.

HORSES SCARE AT AUTOMOBILE

**Show Horses Break Loose in
Parade and Nearly Cause
a Panic.**

While Wallace's circus parade was crossing Morgan street on Third street about 10:15 this morning a team of six horses hitched to one of the large wagons became frightened at Dr. O. P. Dillon's automobile just as the latter was turning the corner. The leaders and the two immediately behind broke loose and ran upon the lawn at the residence of Mrs. Anna Beachard, where they were stopped by the showmen. The other two horses hitched to the wagon did not become frightened.

Many women and children were viewing the parade from the corner and when the horses broke loose there was a scattering in all directions. Some of them were badly frightened.

The following people will attend the circus tonight in a body: Dr. Carl Beher, Vincent Young, G. L. Clark, S. L. Trabue, Ferd Reherford, Bert Simpson, Lee Thomas, of Indianapolis, C. W. Cross, Wilbur Stiers, Roy Abercrombie, Dr. Will Coleman, Harry McMillin, Delbert Stewart, William Wilson, Ed Keaton, I. C. Kinnear, Alfred Williamson, Ernest Neutzel and Will Newbold, and Misses Lucia Wilson, Leah Carmichael, Henrietta Coleman, Elsie Clark, Elsie Bohannon, Carrie Kitchen, Catherine Johnson, Bertha Vance, Bessie Vance, Mae Bobout, Stella Jones, Miss Sutton, of Lafayette, Nelle Kennedy, Clara Bohannon, Harriet Caldwell, Clara Winslip, Adelia McGee and Mary Goude, Mr. and Mrs. Frank Reynolds, Harvey Allen and Hannah Morris.

INDIANA LIBRARIES

**This State Stands First For
Gifts For Library
Purposes.**

The State of Indiana, in the seven months just past as shown by reports submitted to the Library of Congress stands first for gifts made for library purposes. Illinois comes second and Kansas third.

Throughout the United States the immense sum of \$5,123,000 was given for libraries during the last seven months of last year. Of this total, others than Andrew Carnegie gave \$84,118,670. The largest gift outside of Mr. Carnegie's was that of Archer Huntington—\$1,000,000 to the Hispanic Society of America.

Mr. Carnegie's gifts during that period were thirty-four and amounted to \$1,009,500. His gifts for the entire year reached 1290, distributed among 1048 cities, towns and villages and reached the immense total of \$32,335,340.

BIG AMOUNT OF GROCERIES

**Bought of A. W. Tompkins. Also
Much Feed Sold Here
to the Show.**

The amount of food which is daily consumed by the people traveling with the Wallace shows is very large. They do not carry food supplies with them, and at each stop they are forced to look up a man with a sufficient supply of groceries to supply the demands of their large band of employees.

A. W. Tompkins received the following large order for groceries this morning from the show company: Fifty pounds of lard, 80 dozen cans of corn, 70 dozen eggs, 20 bushels of potatoes, 4 dozen cans of tomatoes, 20 melons, 300 pounds of flour, 100 pounds of meal, 200 pounds of sugar, 2 barrels of cabbage, 10 dozen lemons, 2 bushels of green beans, 1 dozen of old hens, and 5 gallons of vinegar.

Mr. Tompkins said this morning that besides this large order numerous other show people came in with private sales. The whole bill for groceries alone amounted to about \$300. It takes 11,000 pounds of hay, 140 bushels of oats, 10 bushels of shelled corn and 500 pounds of bran daily to feed the animals belonging to the show.

In reading these figures the reader can imagine the great task that it is to provide for the human and animal life of a great circus.

RUSHVILLE HAS A FAST BUNCH

**The Connersville Examiner Com-
ments Upon Sunday's
Game.**

The Connersville Examiner in its account of Sunday's game says in part: Little Johnny McCord, whose ambition it was to down Goar on the firing line after having that thirteen inning game of 0 to 0 with Greensburg still sticking in his craw, put up a fine game in the box. Although he was somewhat wild in the start, he settled down afterward and handed over a variety of benders that the locals could do but little with. He pitched a splendid game and was given superb support by the team. Notwithstanding the shut out administered to Rushville Sunday and that it is their first defeat after winning ten straight games, they had a set of fast and gentlemanly players in the field and made a splendid showing. Manager Geraghty was reticent in discussing the game after all was over, but from what he did say and also his team, they seemed perfectly satisfied and had no "kick coming" in any way.

IS A DELUGE OF MATERIAL

**Hundreds of Cigarette Smok-
ers Served by Mail by
Eastern Houses.**

**"Offensive" Papers Received by
Scores of Persons Who Do Not
Hanker for Cigarettes.**

Rushville cigarette smokers who are still enjoying their "liberty" by smoking in private, are getting material from the concerns outside of the State, the postoffice force is diverting quantities of both cigarettes and cigarette papers. This is all lawful for no restriction can be placed on interstate business of this character.

It is asserted, however, that the tobacco trust is working up its mail order business in Indiana by sending samples of cigarette paper to every body and anybody. Lists of names are obtained and the packages of paper, are fired into Hoosierdom, reaching boys who never smoked as well as men who are temperate along tobacco lines.

For two weeks past these little packages of paper have been a source of annoyance to persons who have received them without having ever made a request to be so served. In many cases men who are known to be firm and relentless enemies of the cigarette, have been astonished on opening the little oblong pack to find within seven separate packages of paper, accompanied by a card with an address, where others can be procured and the injunction, "Keep these yourself; don't give them away."

It is, however, the parents of school children who are now objecting to the methods used by the manufacturer in evading the cigarette law. Complaints have been made and the packages, addressed, have come through the mail to children under the age of 12. Indignation, in wholesome quantities, has accompanied these exhibits, and a concerted effort is now being made in an endeavor to prevent the papers from reaching children.

Some idea of the quantity of papers received by persons in Indiana may be gained by the statement of postoffice official at Indianapolis saying that each day ten bushels of cigarette papers are handled by the clerks and carriers of that office alone.

The carriers have had the weight of matter, which they must carry, doubled since the wholesale descent of cigarette papers. In many instances the addresses are not correct and in some cases the persons addressed have removed to some other locality. Under these conditions the packages are returned to the postoffice where, after having been put in two parts, they are sold for old paper.

Postoffice Inspector Fletcher was consulted by Indianapolis postoffice officials concerning the avalanche of cigarette papers, but could offer no solution to the problem. The law, it is said, is not being violated, but the movement to put a stop to the practice is now said to be well under way and in competent hands.

SAYS HE CAUGHT SUNFISH NOT BASS

A few days ago Mr. Maize, of the Shelbyville tea and coffee house, was arrested, charged with catching thirty-eight bass in one day in the Totten private fish pond, near Fairland. The trial came up for hearing Monday in 'Squire Maize's court in Fairland. Mr. Maize, the defendant testified that he was fishing, but the fish that he caught were not bass, but sunfish, and there were only twenty-eight. An examination was made of the affidavit, and it was discovered that the affidavit was not even sworn to, which makes this arrest, so it is claimed, an illegal one.

THE BREEZES FOR THEM

Republican Editors Seek a Week of Cool Retirement.

Indianapolis, July 25.—A jolly party of about 100 persons, members of the Republican Editorial association, their wives, children and a number of Republican politicians left here at 11:30 today, accepting the generous courtesy of the Big Four Railway company for Winona Lake, where the annual midsummer outing of the editors will be held. Colonel George B. Lockwood, who was secretary to Governor Durbin, is secretary of the Winona Assembly and has been in charge of the arrangements for the week, which assures the editors a good time. It is expected that more than 200 newspaper men will attend. Among the candidates who accompanied the editors today were John Dyer, Hammond candidate for treasurer; John Billheimer, candidate for auditor, and Ed Fitzpatrick, Portland, candidate for clerk of the supreme court. Union Banner Hunt, who will be a candidate for governor in 1908, expects to go to Winona tomorrow, to remain throughout the meeting. Many other party notables will be present.

Governor Hanly's associates at the statehouse have rushed to his defense since he was so bitterly attacked by Rev. Shaw Sunday night over alleged failure to enforce the anti-cigarette law. They are declaring that the Rev. Shaw is doing the anti-cigarette crusade much harm by his accusation of Governor Hanly, and that it will cut but little figure, inasmuch as the great mass of the church people have lined up with the governor in his fight for reform. However, there are some people who quite agree with the Rev. Shaw that Governor Hanly has not paid as much attention to the anti-cigarette law as he might and that he has given all his effort to forcing the saloon men to live up to the statutes. They are pointing out that a greater effort should have been made to capture O. A. Baker or Marion, who was

Several weeks ago Mayor Dunne reappointed Chief O'Neill, but there was a tacit understanding between them that this act did not necessarily preclude a change. O'Neill has been chief of police for four years and two months.

San Diego, Cal., July 25.—Shocking and pathetic as have been the occurrences accompanying and following the explosion on the United States gunboat Bennington in San Diego harbor, the story of the frightful accident has reached the point where the feeling of suspense may give way to the relief of knowing that the extent of the disaster has been defined. The summary of the situation today is 54 identified dead; four unidentified dead; 46 wounded; one missing; 90 uninjured; one deserter, which brings the total up to that of the number of the officers and crew—197.

STATE NEWS NOTES

Incidents and Accidents and Doings of Note Throughout Hoosierdom.

INTERESTING DECISION

Circuit Court of Pulaski County Has Given a Ruling of Large Interest To Newspaper Men.

It is Declared That "Leading" Paper Under the Law Means What It Says.

Winamac, Ind., July 25.—In the injunction suit of the Winamac Republican against the auditor of Pulaski county the Republican was granted the temporary restraining order asked for. The decision is of large interest to newspapers over the state. The county auditor had taken exceptions to the Winamac Republican's criticisms of management of county affairs, and as was brought out in the trial, to punish C. W. Riddick, the editor, he withdrew the official printing from that paper. He then entered into an arrangement with a small non-partisan paper published at Monterey, a small town of the county, whereby that paper announced itself a Republican paper and supported the Republican ticket and was given the publications required by law to be published by the auditor in a leading Republican paper of the county. In rendering his decision the court declared the law requiring publication of county notices in two leading papers was not for the purpose of giving patronage to those papers, but contemplated securing the widest publicity possible of the county publications. There is no discretion allowed the auditor to make publications, declared the court, except as plainly provided by law, in the two leading papers representing the two parties.

HEADLONG INTO CYLINDER

Lagrange County Thresher Killed While Cleaning a Separator.

Lagrange, Ind., July 25.—Orpheus Lampman, Jr., aged eighteen years, son of Mr. and Mrs. O. Lampman, living on a farm eight miles southwest of Lagrange, was killed by falling into a separator on the farm of Frank Barnes, near the home of the young man. He was on top of the machine cleaning up, when he lost his balance and pitched headlong into the cylinder. He was pulled out almost immediately, but not before his head had been horribly mangled. He died in a few minutes, before medical aid could be summoned.

Debtors Are Paying Up.

Terre Haute, Ind., July 25.—Debtors of the Vigo County National bank have paid \$325,000 in round figures, on their obligations. The total assets of the bank, including "doubtful" paper, are placed at \$1,061,000 by Bank Examiner Frazier. The liabilities are \$936,000. Considerable paper falls due by Nov. 1, and it is hoped the \$325,000 will be more than doubled by that time. Eventually, friends of the bank say, creditors will be paid in full. The so-called shortage of Cashier Conzman, now placed as high as \$140,000, and worthless paper will absorb the \$150,000 capital stock and \$50,000 surplus.

The Same Old Story.

South Bend, Ind., July 25.—Jessie Cox, aged seventeen years, employed as a domestic by M. H. Dale of Indianapolis at his Lake Maxinkuckee summer home, substituted gasoline for kerosene while preparing breakfast. An explosion followed. The girl was terribly burned. She was brought to South Bend and died a few hours later.

Delphi, Ind., July 25.—The large bank barn of John Hufford in Clay township, north of this city, was destroyed by fire. Several head of horses and cattle, three clover hullers, two corn shredders, several hundred bushels of wheat and several tons of hay were burned.

NOT OVERANXIOUS

Japan Is Not Seeking Peace at Any Price.

New York, July 25.—Baron Komura and party arrived in New York at 9:45 this morning. Baron Komura authorized the following statement: "We desire peace, yet are not over-anxious, nor are we oversanguine that

BARON JUTARO KOMURA, JAPANESE MINISTER OF FOREIGN AFFAIRS.

the negotiations will be productive. Japanese protectorate over Korea will open the way for Japanese immigration there and divert it from this country.

"We are anxious for peace, of course—but not overanxious," said Y. Sato, chief of the foreign office staff accompanying Baron Komura. "There is no peace-at-any-price sentiment in Japan. If we settle it must be at a fair price."

GRATEFUL JAPS

America's Attitude Toward Island Empire Is Appreciated.

Yokohama, July 25.—The steamer Manchuria with Secretary Taft and party on board, arrived here at 7 o'clock this morning.

Tokio, July 25.—The Hochi, Count Okuma's newspaper organ, today publishes a leading article welcoming the Taft party and gratefully recalling what the United States has been to the Japanese since the time of Commodore Perry—an unerring guide and friend. The policy of the United States toward Japan, the article says, has been an unbroken record of kindly assistance, politically and commercially. In fact in all departments of the progress of modern Japan, America's help is clearly traceable. Especially President Roosevelt's successful endeavor in bringing the peace plenipotentiaries together, adds a memorable chapter to the already magnificent record of America's invaluable aid to Japan.

The paper regrets that the shortness of the party's stay will not admit of an adequate manifestation of the general feeling of gratitude and appreciation toward the government and people to which the distinguished party belongs. The Hochi leader is typical of the feeling throughout the empire.

Want Mr. Choate.

New York, July 25.—The legislative committee to investigate insurance conditions in this state will probably meet and organize in this city some day this week. It is believed that the post of counsel to the commission will be offered to Jos. H. Choate, former ambassador to the court of St. James.

Jerome Is Investigating.

New York, July 25.—District Attorney Jerome has returned from his summer home at Lakeville and has entered upon his promised investigation of the affairs of the Equitable Life Assurance Society.

Once Enough for Him.

Boston, July 25.—Governor Douglas has informed a special representation of the Democratic state committee that he would not be a candidate for re-election this year.

GUARD AGAINST GERMS.

Keep Well by Strengthening the Stomach in Summer With Mi-o-na.

In time of war the most responsibility rests upon the guard. If he is lacking in vigilance, disaster can easily overtake the army.

With the individual life, the stomach may well represent the "guard" against sickness. If strong and vigilant, any disease germs that may be swallowed will be neutralized by the digestive juices, or else driven from the system.

Everyone with weak digestion should use Mi-o-na at this season and so strengthen the stomach that disease germs can have no effect whatever. This remarkable remedy puts the whole digestive system in so healthy, clean and sweet a state that fermentation of the food cannot exist that any disease germs which may enter the stomach will be destroyed, and food will be so readily assimilated that a rapid and healthy increase in flesh will result.

Nervousness and sleeplessness come more often from a weak stomach than from any other cause; headache, back ache and rheumatic pains are directly caused by an acid condition of the stomach. Mi-o-na corrects all this, prevents the formation of acids and nervousness, kidney trouble, or rheumatism, is quickly cured.

Ask F. B. Johnson & Co. to show you the guarantee under which they sell Mi-o-na. Price 50 cents. It costs nothing unless it cures.

One or two, it is said, were killed.

Charles L. Henry Saturday sold a two-thirds interest in an eighty-six acre farm on the Rushville interurban line, about a mile east of Irvington, to L. N. Richtie and W. C. VanArsdel. The land was formerly the old Philip Rader farm and was acquired by Mr. Henry when the Rushville line was built. The consideration of the sale was \$8000. The property will be laid off in two five-acre plots and will be sold for suburban homes. This farm was purchased by the I. & C. in order to obtain the right-of-way. The line makes two curves on this farm and the right-of-way takes up three and one-half acres. The owner wanted \$5000 for the right-of-way. The differences were settled by the company buying the whole farm for \$12,000.

FARMERS HOLDING ONTO NEW WHEAT

Very Little Thus Far Has Been Secured by the Dealers.

Thus far but a small amount of wheat has been bought by local dealers, but what has come in has graded much better than the best of last year and the indications are that the yield this year will be more satisfactory in all respects than that of a year ago. Some of this year's crop is excellent wheat, while some is being received which is not good.

In the surrounding counties the wheat is grading from 51 to 55 and even to 56, while that recently taken in here graded 58 pounds to the bushel.

This condition is most encouraging and with the opening price of 81 cents it is not likely that many of the farmers who had out large crops will feel blue.

Very little wheat has been put on the market. The farmers evidently prefer holding on to their crop until later in the season. So far no sample of the big yields have been received and these may go better than 58 pounds. The quality of wheat which has come in is above the average and will make an excellent grade of flour.

BY THE WAYSIDE

The New Castle Courier tells a story of a piano agent, a resident of that city that beats the record. He recently had his beard shaved and upon going home he palmed himself as a book agent on his wife, and, as he is a fluent juggler of the English language, he succeeded in selling a set of books in thirty-seven volumes and two of the leading periodicals. The game worked as slick as grease until the little woman tendered a \$30 William in payment and he drew out his pocket book to make change. His wife recognized it as the one she had given him some years ago and upon looking closer discovered his name imprinted in gold letters. The discovery was as complete as it was surprising and what his wife told the husband was a plenty.
